Drilled well, pump, pipelines and sprinkler system to irrigate 400.00 acres within the proposed place of use. The lands associated with Permit 85416 have been sold to Neil and Kristin McQueary. We are in the process of updating title to this and other permits involved with the purchase. The new owners plan to install two new pivot sprinkler systems to irrigate some of the acreage under Permit 85416. We are filing this application to change the point of diversion of Permit 85416 due to the fact that the new owners have determined that the new point of diversion will be in a more advantageous location in relation to the planned location of the new pivots.
